

Career Opportunities

HPC is a leading consulting company for logistics, transport and ports. Apart from providing management consultancy, we develop IT systems for container terminal logistics. Our clients comprise ports and logistics providers. Our software is installed all over the world.

As our business is constantly expanding, we would like to fill the following positions as soon as possible (knowledge of German required):

- IT-Strategieberater (m/w) 38.38 Kb
- Praktikum Terminal-Simulation 143.49 Kb
- Praktikum Hafen- und Infrastrukturberatung 36.08 Kb

HPC is continuously looking for highly-qualified experts in the areas of terminal planning and management, economic analysis, and systems analysis.

Your are welcome to contact

Ms Astrid Holland
